Fire wizards are in a great place in terms of PvP. It is by far the strongest of the magician's three specifications. The main class with which a Wizard should team up is a Thief or a Sorcerer of Destruction. With coordinated stuns in Polymorphs and a strong healer (Monk of Mistweaver or Holy Paladin), Paladin, is a force not to be underestimated on the PvP scale. 2. Fire Wizard Strength Strong crowd control High give bursts More casting schools 3. Fire Wizard's Weaknesses Constant Damage is low Predictable Burst Damage Will fight against teams with two melees on it 4. Help content This guide ended up being very long, so we decided to split it into several pages. On the Fire Mage PvP Talents page, you'll find an analysis of each row of PvE talents to help you decide which talents to choose on each line, as well as an overview of PvP talents, what advice to take, and under what conditions.
